

OFFICE CLOSURE DUE TO HURRICANE BERYL

Dear Licencees and Stakeholders,

Due to the severe weather alerts regarding Hurricane Beryl and its impending threat to Jamaica, the Spectrum Management Authority (“SMA”, “Authority”) advises that its offices located at 13-19 Harbour Street will be closed as follows:

Tuesday, 2024 July 2.....CLOSED at 12:00 noon

Wednesday, 2024 July 3.....CLOSED all Day

The SMA wishes to assure its licencees and valuable stakeholders that our team of Engineers have been deployed across the island and during this period will be on standby to assist our Mobile Network Operators (MNOs) should any radio interference issues arise. Additionally, critical spectrum management functions will be maintained and contingency arrangements have been implemented to minimize disruptions.

The Authority implores all citizens to take every precaution to ensure the safety and wellbeing of yourself and your family as Jamaica braces itself for the possible outcomes of Hurricane Beryl.

In the event any of our MNOs require urgent assistance, the SMA may be contacted at 876-618-1901.

We truly appreciate your understanding and cooperation. Stay dry and safe.
